*The first, of two full siblings has arrived, an exquisite grey filly from our glorious champion mare Simeon Se [Asfour dec-Simeon Seda iuu] she has amazing movement and a very exotic in appearance, she is a huge favourite with visitors. the new filly is by our senior stallion Imperial Madaar [Imperial Madheen - Ansata Nile mist from falima] Imperial Madaar seems to be producing better babies as the years pass, he is now twenty four years old. he is giving long, long legs, scoopy faces, excellent length of croup and the sweetest disposition possible, the babies have*
