In october 2009 when I lost my treasured father and my beloved asfour in the same hour, I had great anxiety that the future of Simeon Stud would be impaired - I was absolutely wrong! Asfour's sons, grandsons and great grandsons and daughters etc have advanced our program to a much higher level within asfour's legacy. I am duly impressed.

All the fillies born 2010 were retained by the stud and several amazing colts. We now have magnificent foals from the Asfour great grandson Simeon Sabron (Imperial Madaar x Simeon Setavi by Simeon Sadik), 2 to date with mares to be rebread. We are eagerly awaiting the foal from one of our lovely black mares, Simeon Shatkin

and our young 3 year old superstar, Simeon Shifran (Asfour x Simeon Sharvit by Anaza Bay Shabb). We also have 3 exoctic, big eyed babies from our young stallion immesmerize (Imtaarif x Bint Mareek Amir expt. Saudia Arabia) including a gorgeous filly from Simeon Sibolet (Asfour x Ramses Tinah).

The foals from one of our senior stallions Imperial Madaar (Imperial Madbeen x Ansata Nile Mist) are the very best he has ever produced and we are breeding with him as I write. Simeon Saadia is in foal to Anaza Bay Shabb and we are delighted as this is a "match made in heaven" the other full siblings to this breeding are in Vietnam and USA.

Simeon Samech (Anaza Bay Shabb x Simeon Saada) is father to some breathtaking fillies and one colt. A few young maiden mares have produced unique treasures Simeon Sanaa (Imperial Madaar x Australian Champion Simeon Sukari) and Simeon Sumaq (M. B. Mayal now in Saudia Arabia x Simeon Sibolet). Our matriach Simeon Shuala is expecting 2 foals shortly. Isn't breeding exquisite Arabians exciting!
