*Ramses Fayek (Nazeer) x Ramses Nagdia (Wahag)*

I had found a truly superb mare, huge eyes, body to die for and amazing movement. Through her two daughters, this mare was to create the next important dam line at Simeon Stud.

Her name was Ramses Tinah.

RAMSES TINAH - 1979 - 2004

Simeon Sibolet has proven to be a broodmare of great distinction, with several daughters retained at Simeon and two available for purchase. Her incredible movement is powered by a magnificent hindquarter with great length and strength of croup, a gift from her dam and ancestors.
