

INSPIRING
OUR FUTURE

EGYPTIAN ALLURE & STYLE

THE MARES

of Al Raif

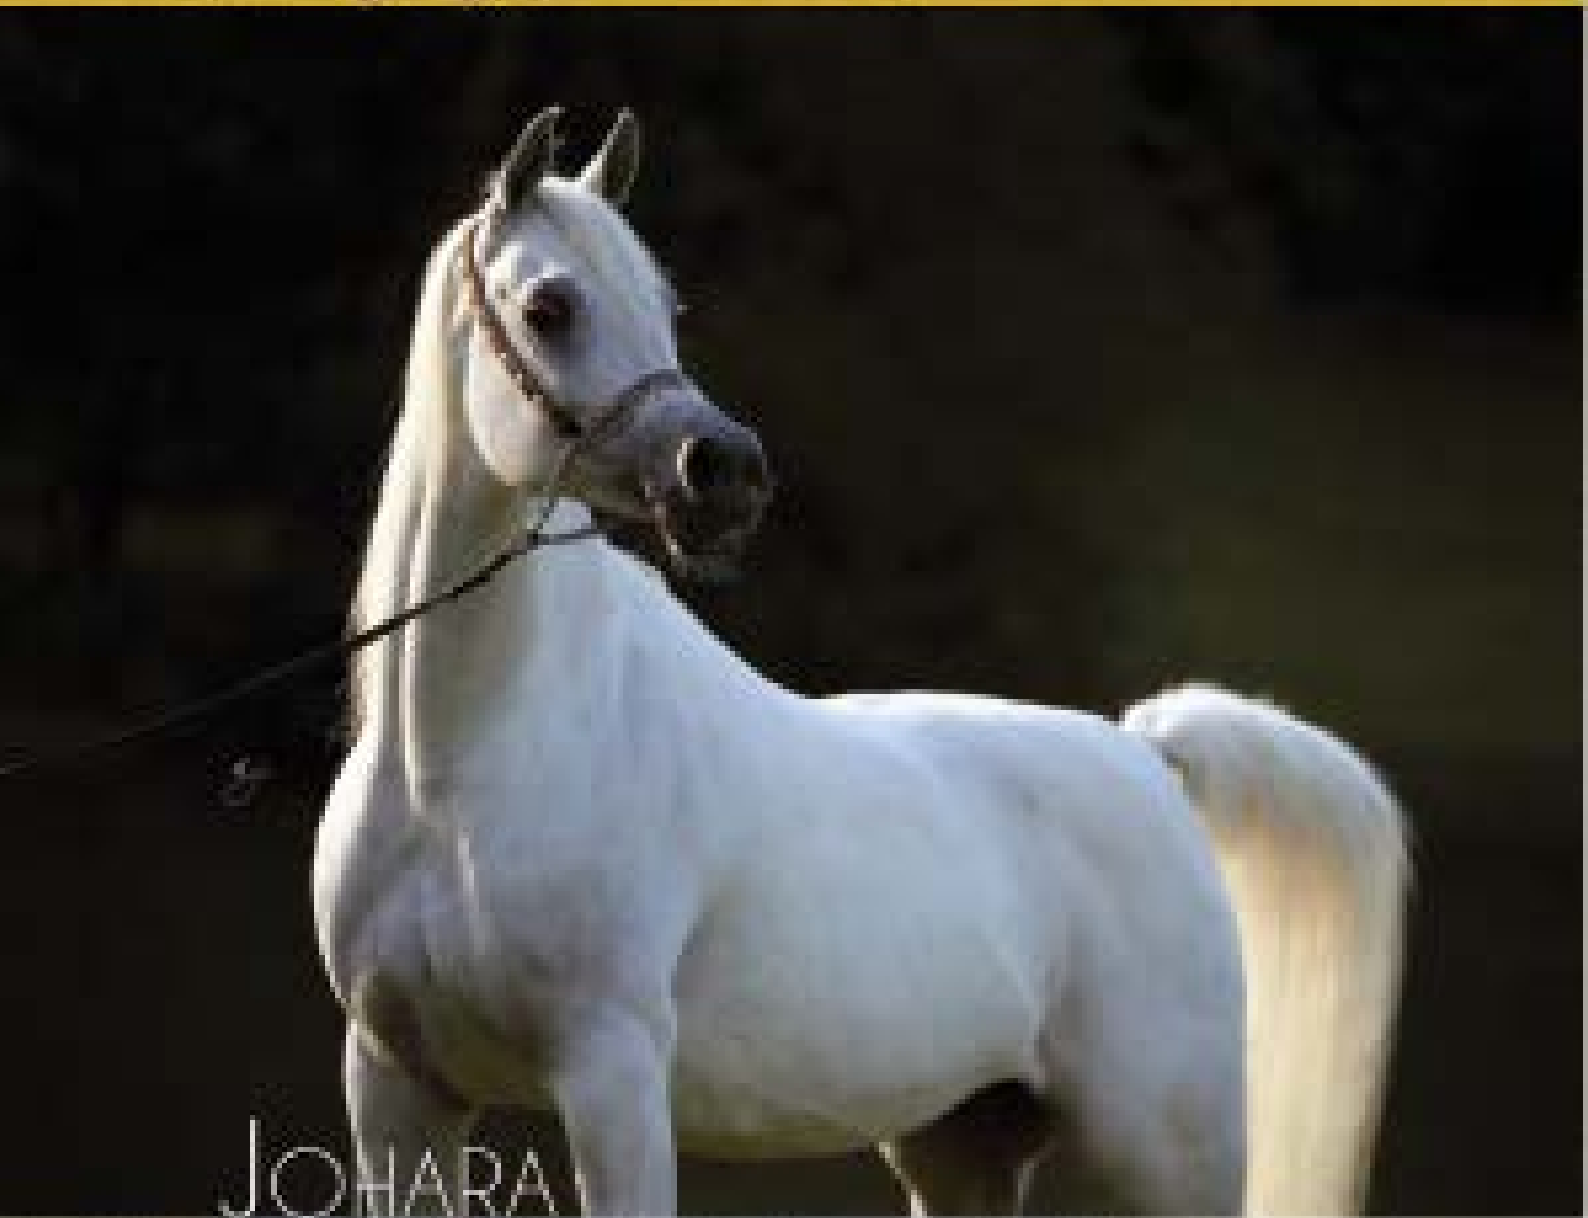

Every morning around 6:30am, the capital of Qatar, there is a grassy area surrounded by sand, except for one. Al Raif Stud, established by Sheikh Abdullah Bin Nassar Al Ahmad Al Thani and managed by Mr. Rashid Al Malki, has been producing some of the finest straight Egyptian Arabian horses in the region and perhaps even worldwide.

Today Al Raif Stud's straight Egyptian breeding program consists of some 20 horses and each year an average of 8 foals are born.

JOHARA

AL NAIF *Arabic Name: Al Naif; Bloodlines: Desert Friesian, World Championship, Italian, Egyptian, Dutch, Arabian, Hanoverian*

Al Naif Stud's breeding program is extremely selective and the breeding decisions are based on the knowledge gained over the years about the potential of the different traits the major families produce and about the ability of different sire lines to transmit their quality and characteristics. Cleve Jacobs has been in charge of the breeding program for the past 25 years. Cleve's dedication has earned various national, international and world championships. Cleve explains breeding Arabian horses is not a job "It's an art, a lifestyle and therefore a passion, filled with a little bit". He values his breeding as more essential, though to him maintaining lines is very important. A good variety of bloodlines within one breeding program with access to millions in investments, there is essential to move forward.

 Yearling Al Naif (Bafaly & Johnna Al Naif)

Al Naif Stud's first Egyptian foal was born in 1997 - the beautiful grey Amara Helou. Stud's daughter Shalika came over from the US and gave birth to Egyptian Al Naif by Amara Helou. Her daughter Beyrouz Al Naif (by Shagan Al Naif), produced the titles of Qatar National and Egyptian Show Jump Trial Champion Lily and Qatar National Dressage Champion Lily. Helou is a foal to Naif by Amara Helou (by Saad Al Naif).

Saad Al Naif (Amara Helou Al Naif);
Helou Al Naif (Amara Helou & Shalika).

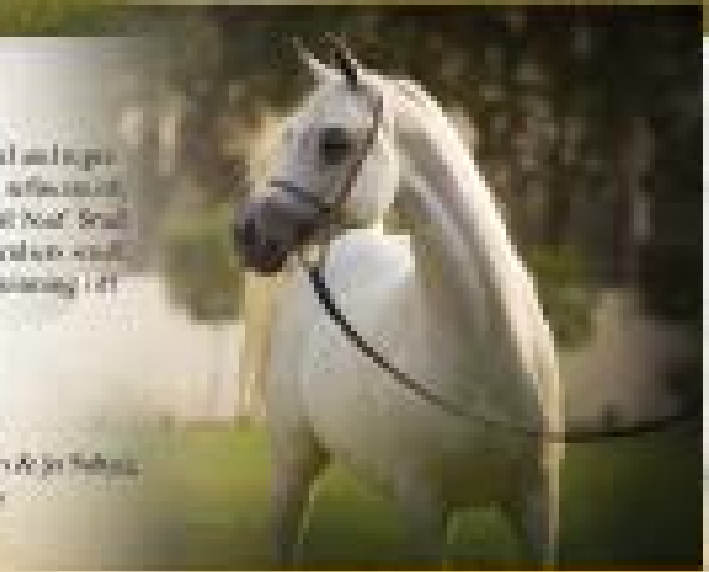

THE MARES *Al Naif*

Most of the prestigious mares at Al Naif Stud are from local and represent the qualities they look for in an Arabian horse. Success in refinement, excellent vocal structure, athletic ability and great movement. Al Naif Stud aims to breed the highest quality possible while keeping the mares sound. Many of the Al Naif horse collection have either produced winning 1st spring and/or an Inter champion thoroughbred.

Franchises

Multi-Champion Thoroughbred Al Naif (Kassam Palla, Lubes & Jo Sobhan),
Salim Al Naif (Nasser Al Beyroun & Thoroughbred Al Naif)

تتميز بقوامها
في ارتفاعها من 150 سنتيمتر | ذواتها شديدة
