# BIHNAS Ezzain

YAASOOB EZZAIN x NAYYERAH EZZAIN

WRITTEN BY SONJA SMALDONE

## THE HIDDEN GEM OF ALKAZEMI ARABIANS

**K**uwait has amazing people with amazing Arabian horses. A trip there will certainly lead you to the discovery of several exceptional breeders and find some hidden gems. In Kuwait, people are extremely kind and very hospitable. The farms and breeding programs they are establishing are something startling. The fabulous Ezzain Arabians Stables owned by Mr. Usamah Alkazemi are by all means one of those places you do not want to miss out! The farm is the most stunning you may ever see and the horses themselves are as beautiful as you will

find anywhere. Usamah takes extra good care of his horses, some of which seem to come out of a fairytale fantasy. The name of Ezzain Arabians has long been associated with an extraordinary array of world champions in Straight Egyptians such as : Ezz Ezzain owned by Hanaya Stud; Nabaweyah Ezzain owned by Alrashediah Stud; Albaheiah Ezzain owned by Almaaly Stud, and, all of them were great champions in different shows. A visit to Ezzain Arabians would not be complete without meeting an incredible stallion like the young Bihnas Ezzain proudly owned

Bihnas Ezzain is an extraordinary stallion for his high level of refinement and his outstanding type.

This stallion carries some of the most precious and rarest pedigrees in Straight Egyptian horses.

YAASOOB EZZAIN x NAYYERAH EZZAIN

*Bihnas Ezzain  
(two years old)*

by Talal Alkazemi. Bihnas is a son of Yaasoob out of Nayyerah, as Yaasoob is a Qaswarah son out of NK Nada. From his sire, Bihnas has been impacted with extra length in all of his lines. Bihnas has inherited much of the classic look that is characteristic of the Dahman strain. He has a gorgeous luminous eyes, fully black with a wonderful shape, finely shaped nostrils and exquisite ears, small and tipped. There is harmony and balance present in this horse. Bihnas Ezzain has longer, muscled forearms and short cannon bones, which are becoming increasingly more difficult to find these days. He is compact, with a smooth and strong top line, balanced below with a well-sprung rib cage. He is a very correct young stallion with high level of refinement and an outstanding type. Bihnas carries some of the most precious and rarest pedigree in Straight Egyptian horses.

Today, Bihnas is in Italy where he is standing at the IATC Center of Paolo Capecci for the 2017 Breeding

season. Here, a highly-qualified staff is taking care of him in all respects, first and foremost, that relating to his training and future champion career. At the Center specialized people are also dealing with the freezing of his semen thereby offering to all breeders, national and international, a big opportunity to breed their mares to this fantastic young stallion. On more than one occasion, Bihnas has already made his presence known in Europe, in particular, he was crowned Silver Champion stallion at the Egyptian Event held in Montefalco, Italy, during the Arabian Horse Spring Show this year 2016, and we are sure he is going to seize the heart of many other fellow breeders across the world. In closing, we all expect a lot for this upcoming young stallion to prove himself in future show rings to be a real winner and strongly believe that his offspring will be able to equate, or even perfect, the already extraordinary qualities of their sire.
