The second edition of the Straight Egyptian Arabian Horse World Championship took place the week-end of 5/6 October in Rome, sponsored by Al Waab Farm - Qatar.

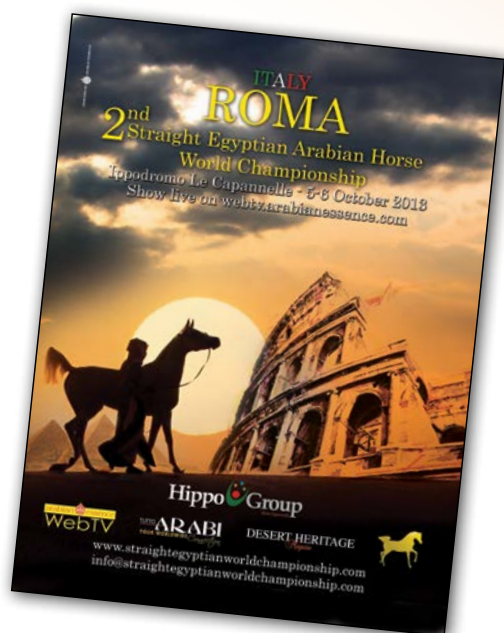

Before talking about the show, I would like you to consider the words "STRAIGHT EGYPTIAN ARABIAN HORSE". These four words alone underline the importance and the responsibility of the 4% of worldwide breeders who focus on breeding "in purity". Importance, because without their hard work, their efforts and sacrifice to breed the most famous bloodlines in the world we would lose what is and has been the History of the Arabian Horse. Responsibility, because these horses carry a lot of history of International importance, so those who breed them are responsible for the continuity of the Straight Egyptian species.

To make these words even more meaningful, this year the Organizers had a very important guest of honor. A man who has

dedicated his life to Straight Egyptian horses and whose presence on this occasion sealed with his emblematic figure the importance of taking part in such an important event: Dr. Hans Nagel, who also presented his latest book "The Straight Egyptian Arabian Horse".

This year, to make the venue even more special, another unique event was held: the "AL KHALEDIAH CUP". Two proper races run over a distance of 1600 m. with a 40,000 Euro Jackpot (20,000 Euro for each race), sponsored by Al Khalediah and welcomed with great enthusiasm by the Hippo Group, the patron of the racecourse that hosted the venue. Their official speaker and entire staff were on hand. Arabian Horses in Italy, in Sardinia especially, are often used in racing, but holding two races on such an important occasion showed the versatility of Arabian horses. These wonderful horses entertained children and adults alike who enjoyed cheering wildly at the finish line.

I would like to thank – also on behalf of the Organizers – all the owners, breeders and riders of the 21 horses who took part in the races. I hope that next year the number of horses competing will be double.

All this thanks to the tenacity and the hard work of Dr. Francesco Santoro, the President of our Italian Association ANICA and his wife Serenella. They strongly believe and hope that this show is a good way of letting the whole world (that is going through a financial crisis) know how important it is and how some day breeding SE horses can lead to emotional and financial rewards. For the good outcome of the venue, the whole staff made an amazing effort and a relaxed and tranquil atmosphere prevailed. Francesco and Serenella were strongly supported by a great team including by Mme. Christianne Chazel and her sister Mme. Dominik Briot, the untiring factotum secretary Dr. Laura Mascagna, the “voices” of Mr. Mike Ashmore and

Ms. Anna Scarpa. The music was chosen by Hassan Valsan and his wife Asya was in charge of the computer scoring. The Ring Master was Mr. Cristian Moschini, Mr. Marco Frezza was Ring Steward. The Disciplinary Committee was formed by Dr. Abdel Wabab Ben Ali Amira (Tunisia), Dr. Fabrizio Bianchi, Dr. Giampiero Romagnoli and Dr. Francesco Zappulla who was in charge of doping checks.

The International team of Judges was formed by Mr. Jaroslav Lacina (Czech Republic), Mr. Peter Gamlin (Great Britain), Mr. Raouf Abbas (Egypt), Mrs. Anna Norden (Sweden), Mr. Willi Poth (Germany), Mr. Fausto Scanzi (Italy) and Mr. Daniel Souppat (France).

Despite the bad weather conditions that sent a few VIP tables flying before the show started (it only took the Staff a few moments to fix everything) and delayed the starting time by a few hours, the whole venue took place in a very relaxed atmosphere. The scoring system used on this occasion was the Top Ten ranking system, according to which the first five qualified horses of each category entered the final Championship. Here, we will only mention the first two horses of each category and will then leave you to the beautiful photos taken by the two official photographers of the show: Mrs. Nicoletta Abelli (Italy) and Ms. Danna Lindgard (Australia).
