# *The 36th* EGYPTIAN EVENT

JUNE 2- 7TH, 2016 | LEXINGTON, KENTUCKY

For a group of dedicated breeders, owners and others, the United States Egyptian Event, held in the beautiful rolling acres and manicured showgrounds of the Kentucky Horse Park is a "must see" show. Year after year, they clear their calendars and save the dates, so they can attend the Event. Why does this gathering have such a devoted following? Because the Egyptian Event, hosted by The Pyramid Society, is part horse show, part educational workshop and seminar, part garden party, part family reunion, part cultural experience and 100% fun!

Once again people from around the world gathered to see some of the top Straight Egyptian and Egyptian Sired Arabian horses in the world. The Arabian horse is universally considered the most beautiful of all equines, and for centuries the Egyptian Arabian is recognized as the strongest, richest source of the sought after traits unique to the breed. Around the world, Arabian horse breeders of every bloodline acknowledge the historical and current contributions of the Straight Egyptian in preserving these treasured traits. This is why everyone, breeders of Egyptian Arabians or other bloodlines, understand the importance of the Egyptian Event - it is a venue to view the results of diverse breeding programs, it offers opportunities to enhance or grow their breeding programs, to learn important information about the horse and enjoy the company of others who also appreciate the beauty and history of the Egyptian Arabian horse.

Just as the beauty of the Arabian horse is the hallmark of the breed, the hallmark of the Egyptian Event is the spirit of generosity. The sense of openness, welcoming, and desire to share knowledge, experience, and fun are what make the Event special, and this year - the 36th Anniversary - was among the best ever! Please enjoy some special moments from the 2016 Egyptian Event!

# Parties & Presentations

The Hall of Stallions and Breeders Pavilion saw a change in format at this year's Event. Har-  
kening back to the early days, these outside presentations were like a breath of fresh air.  
Visitors also enjoyed the lavish barn parties and farm presentations showcasing their  
breeding programs. Although these gatherings are social and super fun - the purpose is  
to share information that can help breeders make good decisions and introduce others to  
the excitement and the possibilities of owning an Egyptian Arabian.

You are invited to attend next year's Egyptian Event, June 6-10, 2017 in Lexington, Kentucky. For more information, please visit the Pyramid Society's website at: [www.pyramidsociety.org](http://www.pyramidsociety.org)
