

# THE EGYPTIAN EVENT CAIRO ♦ EGYPT

text and photos by Sunny Sassudelli

**“The Arabian horse shares its history of antiquity with no land more than Egypt. With its timeless treasures, the Egyptian Arabian Horse, a unique breed within the Arabian horse breed renowned for its unique type and distinguishable qualities, is a living link with the past and is yet another of Egypt’s eternal contributions to civilization.”**

*The Egyptian Arabian Horse Pyramids Foundation*

The Egyptian Event owes its great fame to a world-famous personality, Mr Omar Sakr, long time breeder and head of the organization of a unique team, the Egyptian Arabian Horse Pyramids Foundation, which is affiliated with the Pyramid Society. This team managed to organize a simply unique and highly elegant show.

The Pyramid Society was founded in 1969, today includes as members six continents and over 15 countries,

it is an international breeders' organization dedicated to the preservation, perpetuation, and promotion of the Straight Egyptian Arabian horse as the premiere source of classic Arabian type in the world.

The Egyptian event is a prestigious show in Cairo, held from March 25th to 27th 2021 in a unique and lavish location: the Pegasus Equestrian Center, Dreamland.

Just a few kilometers from the magnificent pyramids was held one of the most important events all over Egypt, where breeders competed with their best horses.

The program was splitted in 3 days to make it comfortable to admire a big number of horses: the first day qualifying classes fillies and colts 1 and 2 years; the second day mares 3 -7 years and stallion 3-6 years. The last day in the morning the last 3 classes. In the afternoon finally the championship, with the stallion parade before the stallion championship.

The organizing team of this edition was composed by Mr. Omar Sakr, Mrs. Nagwa El Daly, Mr. Hatem El Daly, Mr. Mohamed El Bourini, Mr. Ahmed Aboul Fetouh. They chose carefully the official panel of judges: Mr. Klaus Beste (Germany), Mr. Koenraad

Detailleur (Belgium), Mr. Cristian Moschini (Italy), Dr. Mahmoud Mohsen (Egypt); ring mastering was Mr Roberto Ceccaroni (Italy); Disciplinary Committee was composed by Dr. Mohamed Hammad (Egypt), Mrs. Ils Van Dun (Belgium), Dr. Islam El Mahdy (Egypt). The speaker was Ms. Yasmine Atieh.

Even if this was only the third edition of this great show, the event has seen great horses compete, accompanied by a great cheer from the spectators.

Despite the predictable sunshine one can expect in Cairo, temperatures were much lower than normal because of a very cold wind which caused program changes but spectators and breeders were not discouraged and made this great show unforgettable! As well as unforgettable was the huge cake decorated with the colors of the show arrived to celebrate the birthday of the president of the association, Mr Omar Sakr.

The event had two peculiarities in the rules that are noteworthy: first, any form of shaving was prohibited; and second, the trot was shown to the judges one competitor after another, so the judges had a complete idea for a better comparison of the class, only later any horse walked to the judges without stress for standing evaluation.

The quality was very high, an example was the high score of 93.17 for the unanimous gold junior female champion, Malika Badrawi, a beautiful mare owned and bred by one of the oldest farms in Cairo, the Badrawi Family. □

**"This event is not just a horse show, it is an opportunity for breeders, enthusiasts, artists and business leaders from all around the globe to come together to honor the horse's classical spirit that has joined all of them in this worthwhile pursuit of happiness and the elusive goal of breeding "the perfect Egyptian Arabian horse."**
