

SALEH MOSTAFA

gallery

In 2014, i was introduced to "desert heritage" readers by the internationally acclaimed Arabian horse breeder and judge Dr. Nasr Marei.

I grew to understand the Arabian horse better as to fully capture its essence, spirit and beauty. I intend to further pursue photographing the quintessence they bring to their lovers and breeders.

Recently I have been working for most of the renowned Studs in Egypt Photographing and making videos for their precious horses, Not only this but also officially covered some of the greatest International shows World Wide.

Its a great pleasure and honor to be asked to share another gallery with you again.

I hope you Enjoy it.
