Photography

I am Simone Nedergaard from Simii Photography. I am from Denmark and I was born in 1990.

I bought my first camera in 2005, and I have since become more and more passionate about taking pictures. I love to do beautiful pictures and videos of the arabian horse, and to use the light to make them look even more magical. In the fall 2014 i started to make videos. The video-making have since then, become one of my biggest passions, and I hope to do a lot more of that, in the future.

Besides my passion for pictures and videos, I also have a small group of arabian horses in my own farm, and I breed a couple of foals every year.

You can see more pictures and videos on my website:
